Commonwealth of Massachusetts.

BOARD OF REGISTRATION IN MEDICINE,
STATE HOUSE, Jan. 1, 1896.

To His Excellency FREDERIC T. GREENHALGE.

SIR : — In compliance with the requirements of chapter 458 of the Acts of 1894, the Board of Registration in Medicine submits its annual report for the year 1895.

The registration act was passed in June, 1894. Under its provisions, graduates of medical schools, in this or in other States or countries, having authority to confer the degree of "Doctor of Medicine," resident in this Commonwealth at the time of its passage, and all other persons who had practised medicine continuously for a period of three years next prior to the date of the enactment of the law, were permitted to register on or before the last day of December, 1894, on payment to the Board of a fee of one dollar each.

The number of persons applying for registration under these provisions was 4,394. Of this number, 3,776 were granted certificates of registration and 618 were refused. Of the number registered, 3,442 held certificates of graduation from schools of medicine, entitling them to the degree of "Doctor of Medicine," and 334 were non-graduates. In the records and published reports of the Board graduates are designated as Class A and non-graduates as Class B.

During the time allowed by law for registration under the three years' practice clause, a considerable number of persons unskilled, or unlearned in the science of medicine, applied for registration. To such as were able to give satisfactory evidence of having practised the required time in the Commonwealth, certificates were granted. But the number

of such persons is but a small part of the so-called practitioners who, under the assumed title of "Dr." or "M. D.," were offering their services or nostrums to the public at the time the law was passed, many of whom are still plying their trade, more or less openly, in violation of the law. The Board has not been unmindful of its duty to notify the prosecuting officer of such violations. Resulting from such notifications, several practitioners have been prosecuted and fined.

Since the law went into full effect, one year ago, requiring the Board to examine all applicants for registration, except graduates of schools of medicine in this Commonwealth, the number of applications received is 538. Of this number, 154 are graduates from schools of medicine in this State and are designated in this report by the letter C; 309 are graduates of other schools, and are designated by the letter D; 34 are non-graduates, and are designated by the letter E; 30 applicants have been unable to pass a satisfactory examination, of whom 14 are graduates and 16 non-graduates; and 11 applications are on file.

To accommodate the large number applying for registration, the Board has held, besides the three regular meetings required by law, fourteen special meetings. The examinations are conducted in writing, and are intended to be "sufficiently strict to test the qualifications of the candidate as a practitioner of medicine." The questions given to the different applicants in an examination are the same; graduates are given two questions in each of the five branches designated in the registration act, and non-graduates five. The answers are marked on a scale of *one to ten*, and the result is obtained by making an average of the footings in the different subjects. Registration is refused when the average thus obtained is less than *seventy per cent*.

At the November examination 77 applicants were present, 60 of whom passed successfully. The questions were as follows:—

PATHOLOGY.

1. What common germs can you mention, and with what diseases are they associated?
2. What is the difference between thrombosis and embolism?

PHYSIOLOGY.

1. Describe the valves of the heart, their situation and function, and state what forces maintain the circulation of the blood.
2. What is the difference between excretion and secretion? Give examples.

OBSTETRICS.

1. What is normal labor, and into how many stages is it divided?
2. What conditions of mother or child would necessitate destroying the life of the child, and how would you proceed in such a case of labor?

PRACTICE OF MEDICINE.

1. Give the differential diagnosis between enteritis and peritonitis.
2. Give the differential diagnosis between scarlatina, measles and variola.

SURGERY.

1. How can you diagnose inguinal hernia, and, when strangulated, how would you treat it before operating?
2. What are the diagnostic symptoms and treatment of appendicitis?

Three additional questions in each branch, equally practical, were given to the non-graduates.

The law permits the registration of graduates of the several medical schools in this Commonwealth without an examination. This discrimination in favor of a certain class of graduates is not in harmony with the intent of the registration act, and therefore ought not to exist. No good reason can be given for such discrimination. If the law is intended to protect the public from the harm that the unskilled or indifferently educated practitioner might do, then there is as much necessity for an examination by the Board of graduates of a Massachusetts school as of a New York or a Pennsylvania school of medicine. In this respect the law is clearly defective, for no one will contend that the medical schools in Massachusetts are so much better than the schools in other States and countries as to create a distinctive and privileged class of doctors of medicine. In this, as now required in most of the other States, an examination should be a pre-

requisite of registration in every instance. The welfare of the public requires it. The Board therefore recommends that section 8 of chapter 458 of the Acts of 1894 be amended by striking out all after the word "character" in the sixth line.

Section 7 of the registration act provides that "it shall be the duty of the Board to investigate all complaints of disregard, non-compliance or violation of the provisions of this act, and to bring all such cases to the notice of the proper prosecuting officers." The experience of the Board in this respect is not satisfactory. In many instances where such notice has been given no prosecutions have followed, and the violators of law are permitted to continue on in their illegal work indefinitely. In order to secure prompt action, the Board finds it not only necessary to notify the prosecuting officers of violations of the law, but personally to look after all the details of evidence necessary to secure conviction in the courts. To do this requires time and expense not provided for by the registration act. The Board recommends that the fines imposed by the courts, or so much of them as are not required to pay the cost of prosecution, be paid into the treasury of the Commonwealth and passed to the credit of the registration account. A brief amendment to section 10 of the registration act will secure the result desired.

The Board further recommends that the law be amended so as to prevent physicians from practising, or advertising for patients or practice, under other than their own lawful names. It is notorious that many of the names paraded before the public in so-called medical advertisements in the columns of certain newspapers are fictitious. The parties responsible for such advertisements, in some instances at least, are registered physicians, presumably engaged in unlawful or disreputable practices. In this way the abortionist often plies his trade, and the pretender reaches out for new victims. The law, if amended as suggested, will afford the public still greater protection against the charlatan and the harmful practice of the ignorant, and the standard of medical education in the Commonwealth will be raised step by step to a higher plane.

FINANCIAL STATEMENT.

<i>Receipts.</i>		
Balance in treasury, Jan. 1, 1895,	\$1,038 42	
Fees from applicants,	5,274 00	
		\$6,312 42
<i>Expenditures.</i>		
Services and incidental expenses of members of Board,	\$1,295 25	
Clerical assistance,	2,368 70	
Wright & Potter Printing Company, printing and material,	213 65	
Investigating questionable claims of certain applicants for registration,	161 10	
Postage,	102 84	
Stationery, books, binding, etc.,	73 80	
Balance in treasury,	2,097 08	
		\$6,312 42

In Appendix A will be found a copy of the law under which the Board acts, and in Appendix B a register of the names of all whose applications have been received since the 1st of January, 1895, and to whom certificates of registration have been issued.

Respectfully submitted,

C. EDWIN MILES, *Chairman*.
 EDWIN B. HARVEY, *Secretary*.
 WALTER P. BOWERS.
 SAMUEL H. CALDERWOOD.
 AUGUSTUS L. CHASE.
 WILLIAM C. CUTLER.
 AUGUSTUS C. WALKER.

APPENDIX.

APPENDIX A.

[Chapter 458, Acts of 1894.]

AN ACT to provide for the Registration of Physicians and Surgeons.

Be it enacted, etc., as follows:

SECTION 1. The governor, with the advice and consent of the council, shall appoint seven persons, residents in this Commonwealth, who shall be graduates of a legally chartered medical college or university having the power to confer degrees in medicine, and who shall have been actively employed in the practice of their profession for a period of ten years, who shall constitute a board of registration in medicine. Such persons shall be appointed and hold office for terms of one, two, three, four, five, six and seven years, respectively, beginning with the first day of July in the present year, and until their respective successors are appointed, and thereafter the governor, with the advice and consent of the council, shall appoint, before the first day of July in each year, one person qualified as aforesaid, to hold office for seven years from the first day of July next ensuing. No member of said board shall belong to the faculty of any medical college or university. Vacancies in said board shall be filled in accordance with the provisions of this act for the establishment of the original board, and the person appointed to fill a vacancy shall hold office during the unexpired term of the member whose place he fills. Any member of said board may be removed from office for cause by the governor, with the advice and consent of the executive council, and not more than three members of said board shall at one time be members of any one chartered state medical society.

SECT. 2. The members of said board shall meet on the second Tuesday of July next, at such time and place as they may determine, and shall immediately proceed to organize by electing a chairman and secretary, who shall hold their respective offices for the term of one year. The secretary shall give to the treasurer and receiver general of the Commonwealth a bond in the penal sum of five thousand dollars, with sufficient sureties to be approved by the governor and council, for the faithful discharge of the duties of his office. The said board shall hold three regular meetings in each year, one on the second Tuesday of March, one

on the second Tuesday of July and one on the second Tuesday of November, and such additional meetings at such times and places as it may determine.

SECT. 3. It shall be the duty of said board immediately upon its organization to notify all persons practising medicine in this Commonwealth of the provisions of this act, by publication in one or more newspapers in each county, and every such person who is a graduate of a legally chartered medical college or university having power to confer degrees in medicine, and every person who has been a practitioner of medicine in this Commonwealth continuously for a period of three years next prior to the passage hereof, shall upon the payment of a fee of one dollar be entitled to registration, and said board shall issue to him a certificate thereof signed by the chairman and secretary.

SECT. 4. Any person not entitled to registration as aforesaid shall, upon payment of a fee of ten dollars, be entitled to examination, and if found qualified by four or more members of said board shall be registered as a qualified physician, and shall receive a certificate thereof as provided in section three. Any person refused registration may be re-examined at any regular meeting of said board, within two years of the time of such refusal, without additional fee, and thereafter he may be examined as often as he may desire, upon the payment of the fee of ten dollars for each examination. Said board, after a conviction before a proper court for crime in the course of professional business has been shown, and after hearing, may by unanimous vote revoke any certificate issued by them and cancel the registration of the person to whom the same was issued. All fees received by the board under this act shall be paid by the secretary thereof into the treasury of the Commonwealth once in each month.

SECT. 5. The compensation, incidental and travelling expenses of the board shall be paid from the treasury of the Commonwealth. The compensation of members of the board shall be ten dollars each for every day actually spent in the discharge of their duties, and three cents per mile each way for necessary travelling expenses in attending the meetings of the board, but in no case shall any more be paid than was actually expended. Such compensation and the incidental and travelling expenses shall be approved by the board and sent to the auditor of the Commonwealth, who shall certify to the governor and council the amounts due as in case of other bills and accounts approved by him under the provisions of law: *provided*, that the amounts so paid shall not exceed the amount received by the treasurer and receiver general of the Commonwealth from the board in fees as herein specified, and so much

of said receipts as may be necessary is hereby appropriated for the compensation and expenses of the board as aforesaid.

SECT. 6. The board shall keep a record of the names of all persons registered hereunder, and a record of all moneys received and disbursed by said board, and said records or duplicates thereof shall always be open to inspection in the office of the secretary of the Commonwealth. Said board shall annually report to the governor on or before the first day of January in each year, the condition of medicine and surgery in this Commonwealth, which report shall contain a full and complete record of all its official acts during the year, and shall also contain a statement of the receipts and disbursements of the board.

SECT. 7. It shall be the duty of the board to investigate all complaints of disregard, non-compliance or violation of the provisions of this act, and to bring all such cases to the notice of the proper prosecuting officers.

SECT. 8. On and after the first day of January in the year eighteen hundred and ninety-five the board shall examine all applicants for registration as licensed physicians or surgeons. Applicants must give satisfactory proof of being twenty-one years of age and of good moral character; and every applicant who is a graduate of and has received a degree of doctor of medicine from a legally chartered medical college or university having power to confer degrees in medicine in this Commonwealth, shall be entitled *prima facie* to be registered under this act, upon the payment of the fees herein provided.

SECT. 9. Examinations shall be, in whole or in part, in writing, and shall be of an elementary and practical character. They shall embrace the general subjects of surgery, physiology, pathology, obstetrics and practice of medicine, and shall be sufficiently strict to test the qualifications of the candidate as a practitioner of medicine.

SECT. 10. Whoever not being registered as aforesaid shall advertise or hold himself out to the public as a physician or surgeon in this Commonwealth, by appending to his name the letters "M.D." or using the title of doctor, meaning thereby a doctor of medicine, shall be punished by a fine of not less than one hundred nor more than five hundred dollars for each offence, or by imprisonment in jail for three months, or both.

SECT. 11. This act shall not apply to commissioned officers of the United States army, navy or marine hospital service, or to a physician or surgeon who is called from another state to treat a particular case, and who does not otherwise practise in this state, or to prohibit gratuitous services; nor to clairvoyants, or to per-

sons practising hypnotism, magnetic healing, mind cure, massage methods, christian science, cosmopathic or any other method of healing: *provided*, such persons do not violate any of the provisions of section ten of this act.

SECT. 12. For the purposes of the appointment of said board, and of registration of persons by it hereunder, this act shall take effect upon its passage, and shall take full effect on the first day of January in the year eighteen hundred and ninety-five. [Approved June 7, 1894.]

[Chapter 412, Acts of 1895.]

AN ACT relative to the Registration of Physicians and Surgeons.
Be it enacted, etc., as follows:

Section ten of chapter four hundred and fifty-eight of the acts of the year eighteen hundred and ninety-four is hereby amended by striking out in the third line, after the word "Commonwealth", the words "by appending", and inserting in place thereof the words: — or appends, — also by striking out in the fourth line, the word "using", and inserting in place thereof the word: — uses, — so as to read as follows:— *Section 10.* Whoever not being registered as aforesaid shall advertise or hold himself out to the public as a physician or surgeon in this Commonwealth, or appends to his name the letters "M.D.," or uses the title of doctor, meaning thereby a doctor of medicine, shall be punished by a fine of not less than one hundred nor more than five hundred dollars for each offence, or by imprisonment in jail for three months, or both. [Approved May 10, 1895.]

APPENDIX B.

OFFICIAL LIST

OF

PRACTITIONERS OF MEDICINE

REGISTERED FROM

JAN. 1, 1895, TO JAN. 1, 1896.

NOTE.

The following are the forms of certificates issued : —

Form A, to graduates of legally chartered medical colleges or universities having power to confer degrees in medicine, who applied for registration before the law went into full effect, on Jan. 1, 1895.

Form B, to those who applied for registration before Jan. 1, 1895, under the three years' practice clause in section 3.

Form C, to graduates of legally chartered colleges or universities having power to confer degrees in medicine in this Commonwealth, thereby exempt from examination, who have applied for registration since Jan. 1, 1895.

Form D, to graduates examined by the Board.

Form E, to non-graduates examined by the Board.

 Notice of any errors in the following list should be sent to the secretary of the Board, at the State House.

Record of Physicians registered during the Year 1895.
